TAKE LUXURY WHERE YOU'VE NEVER BEEN BEFORE

For over 25 years, Kimberley Kampers has been at the forefront of off-road and off-grid camping and continues to forge new paths in the design, innovation, ruggedness and construction of campers, hybrids and caravans. At Kimberley Kampers, we help you take luxury where you've never been before.

IT STARTED IN THE KIMBERLEY

There are few places in Australia that evoke the spirit of the rugged outdoor experience than the Kimberley in north-Western Australia, an expanse of nearly 500,000 square kilometres of rugged ranges, limestones cliffs, dramatic gorges, arid expanses and untouched coastline.

Access is difficult and paved roads are few. This is the sunburnt continent at its most brutal and most beautiful.

So, it's no surprise that the idea for Kimberley Kampers was hatched on a camping trip to this distant region with the dream of helping adventurous spirits find and enjoy their own space in safety and comfort.

Kimberley Kampers was born. Built to withstand the demands and challenges of the Kimberley but with the comforts and convenience of home.

After 25 years, we're still forging new paths.

QUALITY WITH A 'K'

The first Kimberley Kamper rolled out of the factory in 1994. And it's still rolling, and rolling strong.

Since then, over 8,000 Kimberley Kampers, Karavans and Kruisers have been sold to passionate owners across Australia and 17 countries worldwide.

Over 95% of these units are still in use today.

But perhaps the most gratifying part is that over 45% of owners trade up to a new Kimberley Kamper when the time comes to upgrade.

That's loyalty! And it speaks volumes of the dedication to quality and innovation that's put into every Kimberley Kamper, every day, since 1994.

CLASS-LEADING FEATURES

LIGHT WEIGHT

NO TIMBER CONSTRUCTION

All of our campers are made from high grade alloy, high molecular weight thermoplastic, marine-grade stainless steel and hot dipped galvanised steel giving higher strength-to-weight and maximum weather resistance.

STRONGER. LIGHTER. TOUGHER.

Computer Aided Design (CAD) guides our laser cutters to produce our unique interlocking tabs joinery system adding strength whilst removing weight.

LIGHT WEIGHT BREATHABLE CANVAS

We save 33% off the weight of our canvas panels by choosing Australian-made 'Dyna-Proof' breathable canvas. Ultra-durable, lightweight, ready for the harshest of outdoors conditions.

LITHIUM BATTERY TECHNOLOGY

We use only lithium batteries which are 75% lighter and more durable than AGM lead acid equivalents. Allows you to go further off-grid, for longer, but still in touch and in comfort.

WIRING LOOMS & HARNESSES

CAN Bus systems for all looms and harnesses, reducing overall wiring weight by around 8kgs and ensuring connections stay strong for off-road conditions.

WATERLESS TOILET

8kgs maximum weight. Saves 110kgs. weight over maceration toilet.

SMART ENERGY

MERLIN SPACE SOLAR

Super-light at only 2mm thick, 80% lighter than glass. Up to 240W at over 30% efficiency and x50 more durable vs Bus-Bar technology.

EASY ACCESS FRIDGE

85L Fridge option with freezer for ice. Open and close easily. Less energy loss compared to lifting food in and out of chest fridge.

UNDERBED MEMBRANE HEATER

Add a Di-electric 12V membrane heater dries out bed moisture, eliminates sources of allergies.

BLUETOOTH LITHIUM BATTERIES

Up to 300Ahrs available. Charge at twice the speed from solar controller. Can drop to 10%.

QUICK SETUP

FAST FULL CANVAS

Arrive. Activate. Relax. All in 45 seconds from the time you reach your site. Camping made easiest.

ROAD SIDE STOP

No need to open the whole Kamper for road side stops for access to the full kitchen, catering and cold drinks.

HI TECH COMFORT

SUPERIOR SUSPENSION

LOWEST WEIGHT
Custom air springs, vented disc brakes, mono-tube shocks: lowest weight to keep rubber on the road for safest towing performance.

SUPER POWERS
Electronic Vented brakes @ 1200psi have twice the stopping power of electric drum brakes. One touch parking brake.

LEVEL HEADED
Air glide over corrugations. Adjust travel height for best towing stability. Raise/lower controls to level your campsite.... All by remote control.

POWER OF MONO-TUBE
Big 2" mono-tube off-road racing shocks give a softer ride and corrugation protection. Upgrade available to Kings Racing Shocks

MATCHING WHEELS & DISC HUBS
With one flat tyre, you will head for the nearest town. With matching wheels stay on track and rest easy.

VALUABLE WATER

WATER 3 WAYS
Twin tanks, single filler, marine pumps, plus front stored Jerry cans give you greatest flexibility and capacity.

STRAIGHT FROM STREAM
With our innovative visi-flow special option, bypass the water tanks and pump directly from any water source. Hot water system uses heat exchanger allowing for varying water temperatures.

WATERLESS TOILET
No heavy blackwater to carry, no freshwater to keep in reserve. No fresh water supply needed.
