YOUR
OWN PATH**

KIMBERLEY KAMPERS

KING OF THE OFF ROAD™

TAKE LUXURY WHERE YOU'VE NEVER BEEN BEFORE

For over 25 years, Kimberley Kampers has been at the forefront of off-road and off-grid camping and continues to forge new paths in the design, innovation, ruggedness and construction of campers, hybrids and caravans. At Kimberley Kampers, we help you take luxury where you've never been before.

IT STARTED IN THE KIMBERLEY

There are few places in Australia that evoke the spirit of the rugged outdoor experience than the Kimberley in north-Western Australia, an expanse of nearly 500,000 square kilometres of rugged ranges, limestones cliffs, dramatic gorges, arid expanses and untouched coastline.

Access is difficult and paved roads are few. This is the sunburnt continent at its most brutal and most beautiful.

So, it's no surprise that the idea for Kimberley Kampers was hatched on a camping trip to this distant region with the dream of helping adventurous spirits find and enjoy their own space in safety and comfort.

Kimberley Kampers was born. Built to withstand the demands and challenges of the Kimberley but with the comforts and convenience of home.

After 25 years, we're still forging new paths.

QUALITY WITH A 'K'

The first Kimberley Kamper rolled out of the factory in 1994. And it's still rolling, and rolling strong.

Since then, over 8,000 Kimberley Kampers, Karavans and Kruisers have been sold to passionate owners across Australia and 17 countries worldwide.

Over 95% of these units are still in use today.

But perhaps the most gratifying part is that over 45% of owners trade up to a new Kimberley Kamper when the time comes to upgrade.

That's loyalty! And it speaks volumes of the dedication to quality and innovation that's put into every Kimberley Kamper, every day, since 1994.
