BODY CONSTRUCTION		
1945mm wide body (walls)	STD	
Lightweight aerodynamic front nose cone offers dust free storage and unique styling	STD	
Front nose locker (~660L) featuring ARB® aluminium track and load ring set x 4	STD	
Large slide-out drawbar storage unit (~250L) - useful for Genset or Jerry Cans	STD	
Front boot side lockers ~120L each (Gas bottles and optional dust suppression)	STD	
Precision sheet-metal wall and roof construction (made in-house) to ensure a strong, yet lightweight, body with integrated insulation and durable powder coated finish. This construction method is tried and proven by Pioneer Campers and TRACK. It allows for strong wall to wall and ceiling joins with substantial edge finishing that protects the high-density foam insulation from the elements. This is far superior to foam panel clad vans which require end capping to protect the internals of the wall and joins from water and dust ingress	STD	
Compared to pop-top caravans, this full height design delivers minimal setup time and easy access for roadside stops. Other benefits include larger interior overhead lockers, lighter construction weight with fewer components, less opportunity for water or dust ingress, ability to have the skylight or other roof mounted features such as solar, air conditioning and TV aerial. Lastly, the roof is vastly better insulated than a 'pop-top'	STD	
Large external pantry (~115L) with deep well-thought-out shelves to accommodate a broad variety of food packaging. Featuring gas strut assisted door, LED light and compression seals with lock	STD	
"Strong single side doors allow easy access to external storage on both sides of the Verve's lower body. This allows the owner to view all the spaces at once and have direct access to every single area, without being impeded by small openings. • Lower body box (front) ~750L RHS (Fridge slide and storage) • Lower body box (rear) ~900L RHS (Kitchen and storage)"	STD	
TRACK inspired full-height entry door with slam shut lock, deadlock, thick automotive rubber seals, compression catches, built in sand-fly proof screen and aluminium security panel. Vented or fully sealed depending on internal gas appliances		
INTERIOR LIVING		
East/West bed configuration (max 6 seats at dinette and required for bunk option)	STD	
Change bed orientation to N/S (max 4 seats at dinette) inc. bedside consoles	OPT	\$1,690
Change bed orientation to N/S singles (max 4 seats at dinette) inc. centre consoles	OPT	\$1,790
Ultimate pocket spring mattress and under-mattress liner in any bed configuration	STD	
Single fold down bunk over RHS seating with ladder, window guard and pivoting reading light with built in USB chargers (E/W only and not compatible with any RHS modules)	OPT	\$2,550
E/W dinette featuring stylish and comfortable fabric seating (no. of seats)	6	NIL
N/S dinette featuring stylish and comfortable fabric seating (no. of seats)	4	NIL
Magnetic soft-closing overhead lockers providing 'easy access' to clothing, food and supplies. Featuring bed end open storage following the roof contour	STD	
2 x Sirocco 12V fan, wall-mounted, 3 speed and timer	STD	
2 x large windows in bed area for enhanced ventilation with blinds and sandfly-screen	STD	
1 x large window in the dinette area with blind and sandfly-screen	STD	
1 x large window above sink at rear of van blind and sandfly-screen	STD	
Ensuite window with blind and sandfly-screen	STD	
Roof mounted skylight hatch with blind and flyscreen to further enhance airflow and generate more natural light	STD	
Webasto Cool Top Trail 24 roof mounted reverse cycle air conditioner (replacing skylight hatch) with remote control and built in LED lights	OPT	\$2,750
Pull out compact clothes line over the bed	STD	
Door side shelf with 2 x USB	STD	
Front wall storage pockets	OPT	\$395
Underseat vinyl storage barriers	OPT	\$365
Smoke detector and fire blanket	STD	
KITCHEN REAR WALL MODULE INCLUDING		
Internal selection of water source - tank(s), other (draw from a jerry can/other)	STD	
2 x large and deep overhead lockers	STD	
2 x 240V power points located door side on benchtop (not available if gas cooker option is fitted)	STD	

Internal sink (11L capacity) with pressurised tap, plumbed directly to the onboard grey water tank	STD	
Hand pump including an isolated drinking filter	STD	
The ergonomic kitchen bench is set at a 'back friendly' height, the same as most households with cut-in kick panels (room for your feet) allowing you to stand closer		
Rear cabinetry total of 5 pull-out drawers: 1 x medium under-sink drawer (350D x 185H x 465W), 1 x large under-sink drawer (350D x 315H x 465D), 3 x medium drawers entry door side (450D x 245H x 495W)	STD	
All drawers feature manual central locking allowing the user to engage all drawer locks easily and simultaneously prior to departure - an Industry first!	STD	
900W microwave located under sink. Replaces large drawer but retains medium drawer underneath (350D x 260H x 465W)	OPT	\$350
Internal upright 85L fridge with dual fan condenser cooler kit. Replaces 3 x medium drawers door side	OPT	\$1,700
Portable single burner 2000W Safery induction cooktop	OPT	\$275
Single burner 2000W Safery induction cooktop mounted in bench. Changes door side drawer sizes 1 x small (450D x 150H x 495W) and 2 x medium (450D x 245H x 495W)	OPT	\$775
Rangehood with external venting (required for gas cooker option). Hidden behind the door side overhead locker door. Slightly reduces the storage height but is a good option if you wish to use a portable induction cooker inside	OPT	\$300
NATURAL GAS APPLIANCES		
14L gas and 240V electric hot water system	STD	
Internal Thetford glass-top 3-burner cooktop with Piezo ignition and flame failure device on valves. Changes door side drawer sizes 1 x small (450D x 150H x 495W) and 2 x medium (450D x 245H x 495W) and requires fixed ventilation. Includes Gas detector	OPT	\$830
DIESEL APPLIANCES		
Swap gas hot water unit for Webasto PHEC Integrated Hot Water and Heating (Thermo Top Evo 5 furnace)	OPT	\$2,480
MODULAR INTERNAL STORAGE OPTIONS - EACH UNIT REPLACES A SEAT		
2 x large drawers (470W x 195H x 530D) with benchtop including (bedside) 2 x USB and 2 x 240V power points along with an internal magazine holder with manual central locking. For 4 x large drawers, a second module can be fitted adjacent to the first. If fitted as 2nd module on N/S bed configuration, magazine holder and 240V not available	OPT	\$1,180
Full-height wardrobe with 3 x shelves (300W x 300H x 530D) and hanging space (295W x 530D x 1600H)	OPT	\$1,350
INTERIOR COLOUR & MATERIAL OPTIONS		
Floor colour: Bamboo (B) or Vintage Cherry (VC)	VC	
Drawer fronts: White (W) or Red (R)	W	
Overhead lockers: White (W) or Red (R)	W	
Benchtop: White (W)	W	
Fabric covered seating: Brindle Sand (B)	B	
Change seat fabric colour	OPT	\$300
Comfort first, shaped and bolstered couches. Featuring a combination of fully sealed and microfibre semi-perforated synthetic leather allowing the seat to breathe. Boasting added strength and abrasion resistance over normal leather, these elegant couches are finished in Volcano (dark grey/black) with exclusive Pioneer Campers branding embroidered in the head cushion	OPT	\$890
WATER		
150L front-mounted water tank	STD	
100L mid-mounted water tank	STD	
50L rear-mounted grey water tank	STD	
In-line grit filter	STD	
High pressure pump	STD	
Water tempering valve on hot water lines	STD	
Water inlet (non-pressure) for use with jerry cans and other water source etc	STD	
Pressure water inlet (bypasses tanks and pump) for mains water supply and cold water drawbar tap	STD	
MEDIA & LIGHTING		
2 x large dimmable roof LED panels - above bed and above dinette	STD	
2 x pivoting reading lights by the bed with built in USB chargers	STD	
2 x external LED lights with yellow and white output, entry side of van	STD	
Front boot and side external lockers LED lighting	STD	
Wall-mounted LED 27" TV with built-in DVD including Winegard® antenna	OPT	\$1,475

ELECTRICAL		
Presentation of electrical systems is at eye level as a part of the control tower including a cigarette plug, 2 x 240V and 2 x USB	STD	
REDARC Manager 30 Multi Stage AC-DC battery charger and DC-DC charger with MPPT solar regulator, dual battery isolator, load disconnect controller	STD	
REDARC RedVision with Bluetooth control for systems and management of power consumption	STD	
1 x Revolution Power 12v 250Ah Lithium Battery (200Ah usable, max 1000W)	STD	
Additional Revolution 12v 250Ah Lithium Battery (200Ah usable, max 1000W) (max total 4 ie 1000Ah) Includes extra external galvanised housing and wiring	OPT	\$3,198
Redarc 50A BC-DC - specific for solar charging (recommended for 500Ah batteries and over 400W of solar)	OPT	\$722
2 x 200W solar panel mounted rearward on roof	STD	
Additional 200W solar panel front mounted on roof (maximum of 3 total)	OPT	\$800
Anderson plug to tow vehicle with fuse	STD	
External solar input Anderson plug	STD	
Internal battery and solar isolation switches	STD	
240V circuit breaker power box	STD	
External 240V outlet entry side behind guard	STD	
Inverter and 240V source auto switching	STD	
REDARC inverter (1000W)	STD	
REDARC inverter upgrade (2000W) + wiring	OPT	\$1,250
Integrated positive pressurisation system. Featuring a powered "fresh air" pre cleaner/filter and pressuriser with Vortex Hyper FLOW Technology. This technology is straight from the agriculture industry. Powered from the vehicle by Anderson plug and drawing air from a snorkel behind the front nose cone, its superior precleaning, filtration, and pressurisation forces air into all the compartments and body of the Pioneer ensuring dust proofness	OPT	\$3,650
SD dual lens (120° and 45°) Safety Dave camera pack in white, high mounted on the rear wall, wired to drawbar and terminated in a WOZA socket for vehicle connection. This camera carries audio and infra-red night vision capabilities and is fully waterproof with an IP68 rating. Note: customer to supply in-car hardware and wiring, including WOZA cable	OPT	\$490
INTERNAL ENSUITE FEATURING		
Single handed operation with a flick-mixer and full-height shower rose	STD	
Drain plumbed directly to onboard grey water tank, with external overflow connection for use at caravan parks	STD	
Dometic Saneo CS cassette, 16L black tank with a bowl adjustable by 90° in both directions	STD	
Hassle free access to toilet cartridge allowing for on-the-go emptying and swapping. The cartridge setup is the easiest on the market to use and doesn't require extra 'washable' items that tanks or composting units require	STD	
Integrated LED panel light with dimmer	STD	
Shower mirror fitted to door	STD	
Overhead towel hangers and rear wall caddy with drainage	STD	
SOG ventilation to further improve the owners experience by venting the toilet storage externally and removing the requirement for chemical treatment	STD	
Composting toilet	OPT	POA
Additional toilet cartridge	OPT	\$475
EXTERNAL PULLOUT KITCHEN		
2 x 4.0KG gas bottles	STD	
Large pull-out fridge drawer with 95L Evakool dual zone fridge, tie downs and extra storage	STD	
Stainless steel finished, pull-out kitchen featuring 2 burners, sink including hot and cold water, drawer including cutlery tray and cavity storage. Comprehensive cooker windshield	STD	
Upgraded Premium stainless-steel pull-out kitchen with larger prep space, easy-to-use windshield, 3 large storage drawers, glass-top 3-burner cook top with Piezo ignition, glass-top sink with flick-mixer tap (H/C), storage pockets and bottle opener	OPT	\$3,110
Premium stainless-steel pull-out kitchen (as above) further upgraded with power outlets (2x 240V). Cooktop upgrade from Gas to Safer 2 Hob Induction Cooktop with built-in 1800W and 1500W hobs (limited max draw to 2000W). German IGBT control, German Schott Ceran High grade black crystal plate and touch Sensor controls. Features: timer, child lock, auto off, overheat and cookware detection off. (Minimum of 2x 250Ah batteries and 2000W inverter required)	OPT	\$4,710
Under kitchen LED light (upgraded kitchen only)	OPT	\$115
Additional plumbed gas line with quick snap connector (for compliant 'flame-failure' gas device)	OPT	\$255

EXTERIOR LIVING		
Manual wind out awning (3.9 x 2.5M)	STD	
Sail awning to cover the front nose cone	OPT	\$615
Fully enclosed awning with draught skirt (vented for external cooking)	OPT	\$3,550
Awning shade wall	OPT	\$675
Externally accessible shower point with a flick-mixer and full-length shower rose	OPT	\$475
REAR STORAGE MODULES		
Rear bumper bar (designed to accept one of the below modules)	STD	
Module (firewood) (sml) (up to 2)	OPT	\$450
Module (firewood) (lge) (1 only)	OPT	\$600
Module (jerry can) (up to 2)	OPT	\$245
Module (spare wheel mount) (1 only)	OPT	\$490
Maxtrax® mounting pins (not available if spare wheel mount is fitted)	OPT	\$150
Bike rack module including ISI® 2 bicycle carrier assembly	OPT	\$1,934
Optional ISI® car fit kit, tow vehicle information required for pricing	OPT	POA
Additional spare wheel	OPT	POA
CHASSIS & SUSPENSION		
The Pioneer Verve features a Hot Dipped Galvanised (HDG) chassis, the gold standard of corrosion protection and features a 393% increase in protection*, when compared to DuraGal® and similar alternatives offered by other manufacturers.	STD	
The Pioneer Verve chassis is fully welded with Australian steel and hot-dipped (immersed in a bath of molten zinc 450°C). By comparison a DuraGal® manufactured chassis ends up with no zinc coating on enclosed welds and only a zinc rich paint on external welds.		
*HDG provides a thicker protective zinc coating compared to alternatives and results in a minimum average coating of 390g/m2 inside and out and a minimum average coating thickness of 55-micron vs the commonly used DuraGal® at 100g/m2 or 14 micron of zinc on flat surfaces, meaning HDG is a 393% increase in protection in terms of micron thickness.		
The Verve features a custom designed chassis and uniquely tuned Trakmaster Trak-Two independent trailing arm coil suspension with twin shocks. This ensures even weight distribution and a manageable ball load within the 10%-15% required to achieve good towing stability	STD	
Tough steel stone deflectors - replaceable	STD	
Cruisemaster® DO35 - 3.5T off-road coupling and hand brake	STD	
Cruisemaster® 12" off-road electric brakes and parking brake wheels with 60/40 off-road tyres - 3 x 16" x 8"	STD	
Spare wheel located under body on winch	STD	
Break-away controller designed to apply the trailer brakes and brake lights if the caravan is accidentally separated from the tow vehicle	STD	
2.6T ATM	STD	
Dexter® Sway Control	STD	
ARK® dual wheel height adjustable solid jockey wheel & drawbar spirit level	STD	
Spares kit: bearings, fuses and various small parts	STD	
2 x large stabiliser legs with 4 possible install locations	STD	
Bottle jack and wheel brace	STD	
Front protection mudflaps	STD	
"Customise suspension to best suit your tow vehicle specifications. Please be aware that not all offsets or PCDs can be matched and this is subject to *Pioneer Campers' terms and conditions. Specifically the axle position is changed to match rim offset, with custom hubs, studs and wheel nuts."	OPT	\$550
